Summer vacations are synonymous with fun, frolic, getting up late in the morning, playing for longer hours with friends, going for picnics, exploring new places and watching fun filled shows on television. But dear children, there is a lot more you can do to make your vacations more interesting and meaningful.

Here are few tips for you to follow –

1) Free play time should alternate with structural game – this cultivates sportsmanship.
2) Assign a permanent workplace and a work-time. This brings in discipline in your life.
3) Create a summer diary – Take photograph of special days and write about them.
4) Reading from colourful illustrated story books will develop your language skills.
5) Inculcate good manners – 4 magic words ‘Please, Thank you, Excuse me, Sorry’ – Use them and see the difference.
6) Help your mummy to keep the house clean. Do small household jobs like dusting, watering the plants, laying dinner table and so on.
7) Plan some outdoor and indoor games.
8) Go out for morning walk, talk about things you see around.
9) Listen stories from family members and try to narrate them.
10) Last but not the least – ‘Always speak in English with your family members and friends.’
