Classes :- Buds to XII

Subject: SEWA activity by classes IX to XII students

Respected Parents

We the students of Community Service Club have taken up a SEWA project to collect donations in the form of toys, story books and stationary items for children all over India. We intend to create toy libraries for underprivileged children, in association with The Toy Bank (www.toybank.in). This endeavour is to ensure that each child has access to toys – both educational and for entertainment so that a child's basic Right to Play is reinforced.

We request you to please send well packed toys new / old but reusable and in good condition of the following types within this month :

- Soft toys * dolls * sport equipment * school bags
- Board games * indoor games like bowling etc

Looking forward to create a better childhood for all children of our country.

Warm Regards

Students of Community Service Club
Classes – IX to XII

Dear Parent

I am extremely pleased to forward the above request of my Community Service Club students who have taken up this noble cause to do SEWA and be sensitive and helpful members of the society. I am sure you all will help them out in their endeavour.

Regards

Sumana Dutta Sarkar
Head of School
