

**SACHDEVA  
GLOBAL SCHOOL**

**Thursday, 19 July 2018**

Circular No.: -SGS/Admin/008/2018-19

Classes:- III – VIII

**Subject: Protection from Mosquito Menace**

Dear Parent

- It is that time of the year again where mosquitoes are multiplying at a rapid rate, because of the weather conditions. Being committed towards sanitation, public health and environment, the school is fumigated thoroughly by reputed pest control companies on a regular basis. This is over and above maintaining very high standards of cleanliness in and around the campus.
- We believe not only in keeping the school clean but also extend the same values to our society. Hence we request parents to prevent the breeding of mosquitoes in and around homes by avoiding water logging in coolers, flowerpots, AC trays etc. apart from using mosquito repellent coils and sprays.
- If the parents wish to have their wards' arms and legs covered, we request the parents to use beige / skin coloured stockings (girls) and beige trousers (boys) [Please refer page 24 – school almanac]. The same is available at the school uniform shop.

Warm Regards

**Sumana Dutta Sarkar**  
**Head of School**
