

PARENTAL CIRCULAR
BAG LESS DAY
CLASS: II

“Every little step towards nature creates a brighter and greener tomorrow.”

We are delighted to inform you that our school will be celebrating Bag Less Day for the students of Class II on Tuesday, 21 April 2026.

This special day is planned around the beautiful theme “My First Green Steps”, encouraging our young learners to take their first step towards loving and caring for nature. Through joyful, hands-on activities, children will explore creativity, environmental awareness, and learning beyond books. The objective of this celebration is to help children understand the importance of reusing, recycling, and connecting with nature in a fun and engaging way.

Activities Planned for the Day:

1. Best Out of Waste – Turning Scraps into Treasure

A creative activity where children will transform waste materials into beautiful and useful art pieces, learning the value of reuse and recycling.

Please send the following materials for Best Out of Waste – Pen Stand Activity:

one empty plastic bottle/ old jar/ small wooden box, along with decorative materials such as coloured paper, ice cream sticks, buttons, ribbons, glue, and colours.

2. Think Outside the Box

Fun problem-solving and creative thinking tasks designed to encourage imagination and innovation among children.

3. Nature Walk

A guided walk around the school premises where children will observe plants, flowers, birds, and the beauty of nature around them.

Please make a note of the following:

- Ensure your ward comes in proper school uniform. Students can bring snacks from home (dry food items preferred) and water bottle.

We seek your kind cooperation in ensuring your ward’s participation in making this day a memorable learning experience for our young learners. This initiative will reduce the boundary between textbook knowledge and its practical, real-world application through hands-on activities, projects, and exploration.

Regards

Miti Dhingra
Head of School
