**SUMMER HOLIDAY HOMEWORK**

Dear Children,

- 😊 You matter to us the most and we all Miss You!!!!
- 😊 Stay safe
- 😊 Be kind to your family
- 😊 Get creative

**“This too shall pass and we will pick up right from where we left off!!!”**

Summer  Holiday Homework is an initiative on our part, to inculcate innovativeness, creativity and interest in the tasks assigned to our students. It will not only enable the students to recapitulate what was taught but will also help them to connect themselves to the various learning processes.

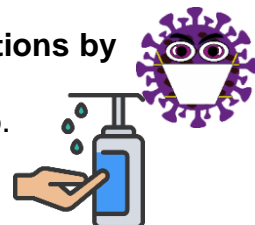

**SOME USEFUL SUGGESTIONS TO BE KEPT IN MIND:**

- Spend quality time with your child.
- Converse with your child in English.
- Encourage your child to be independent.

**In this pandemic time, you need to protect yourself from COVID-19 infections by following these simple measures:**

- Clean your hands often. Use soap and water, or an alcohol-based hand rub.
- Maintain a safe distance from anyone who is coughing or sneezing.
- Wear a mask and don't touch your eyes, nose or mouth.
- Cover your nose and mouth with your bent elbow or a tissue when you cough or sneeze.
- Stay at home if you feel unwell.

## GENERAL INSTRUCTIONS:

- Ensure that the holiday homework is completed by the children themselves. Parents should only act as a guide in completing the work.
- The worksheets are based on what the children have learnt in April-May and will form the base for topics to be covered in June.
- Holiday Homework must be completed neatly as per the given instructions and school script should be followed while doing written work in all the subjects.
- All worksheets must be done using **pencil** only.
- The print out of the worksheets may be taken out / designed on a plain A-4 size sheet.
- For English (small a-z and capital A-Z) and Math (1-20) worksheets, samples have been attached for your reference. Make the child write the same in 3 in 1 notebook (Henna green).
- All the worksheets and notebook pages should be scanned and submitted as a **single PDF** file only.
- Holiday homework duly labelled will be asked for submission after the summer vacations through an assignment created on Google Classroom.

## ART AND CRAFT ACTIVITIES

Art is a natural activity to support free play in children. The freedom to manipulate different materials in an organic and unstructured way allows for exploration and experimentation. These artistic endeavours and self-directed explorations are not only fun, but educational as well. Art allows children to practice a wide range of skills that are useful not only for life, but also for learning.

### Activity 1 - Pasta Necklace

Material Required:

- Pasta tubes
- Stretch yarn
- Poster colours of your choice
- Brush
- Scissors

**Method:**

**Step 1.** Paint the pasta with poster colour. You can add details using a brush like spots and stripes.

**Step 2.** Measure the proper length of yarn for your necklace.

**Step 3.** Start threading pasta tubes one by one until you have no space to thread more pasta on the yarn. You can cut a longer piece of yarn and thread pasta tubes over and over to make a longer necklace, which you can wrap around your neck a few times. Tie a firm knot at the end.

**You are all done! You've just learned how to make a pasta necklace!**
