CLASS-VII	HOLIDAY HOMEWORK (2024-25)

Preface

Summer Vacation is a cherished time for students to rest, recharge, and explore their diverse interests. However, it is also a valuable opportunity to consolidate academic progress and ignite creative sparks. With this in mind, the holiday homework has been strategically divided into two distinct parts to foster a well-rounded learning experience.

The first part, titled "**Unleash Your Imagination: Creative Projects for the Holiday Season"** focuses on creativity-based assignments, providing students with the freedom to showcase their talents and express their unique perspectives. These projects will have a chance of being displayed in the school annual exhibition, allowing students to take pride in their accomplishments and inspiring their peers with their innovative ideas and artistic flair. Through this avenue, we aim to nurture the students' creative potential and cultivate an environment that celebrates their diverse abilities.

The second part titled **"Mastering the Concepts: Reinforce Your Learning during the Break"** comprises academic-based homework, designed to reinforce the concepts and skills learned during the academic term. These assignments will not only facilitate the revision of the course material but also enable the identification and resolution of any knowledge gaps.

The balanced approach of these two categories empowers students to explore their creativity while also ensuring the continuous development of their academic prowess.

We encourage all students to approach the holiday homework with enthusiasm and a genuine commitment to their learning and growth. At the same time, we request parents to actively support and guide their children in this endeavour. This is an excellent opportunity for parents to bond with their children and ensure their holistic development leading to a more enriching and rewarding experience for both the students and their parents.

Wishing you all a summer filled with laughter, relaxation, and boundless opportunities for growth and fulfilment. Enjoy this well-deserved respite to the fullest!
