

SUMMER VACATION

SACHDEVA GLOBAL SCHOOL SUMMER HOLIDAY HOMEWORK

SESSION: 2025-26

CLASS: PRE PRIMARY (BLOOMS)

***“Summer Vacation are starting today.
All the kids are ready to play.
Learning through play is the best way.
Children shout Hip Hip Hurray”***

“Learning is a treasure that will follow its owner everywhere”

Dear Students

As the summer vacation approaches, we wish you all a joyful and restful break. While this time is perfect for fun and relaxation, it is also a wonderful opportunity for our young learners to explore, discover and be productive. To ensure our little ones continue to thrive both academically and creatively during summer vacation, we have prepared some engaging and enjoyable activities for them.

Our goal is to integrate learning with summer experiences, reinforcing the skills they have developed while encouraging curiosity and creativity.

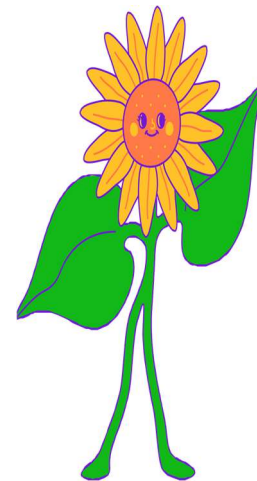

The activities are varied and cover all the key areas. We recommend setting aside a regular time each day for your child to work on these activities. Read them simple stories, encourage them to draw, colour and make simple craft. To enhance their life skills, involve them in simple household chores like watering plants, arranging toys or helping in the kitchen. This will make them responsible and boost their self-esteem.

Encourage them to work at their own pace and provide support when needed. Keeping them engaged in creative activities will also reduce their screen time.

We wish you an enjoyable and fun-packed summer break! Remember to keep a bowl of water for your thirsty little friends.

GENERAL INSTRUCTIONS:

- Holiday Homework will be graded.
- Holiday Homework must be completed neatly as per the given instructions and school script should be followed while doing written work in all the subjects.
- Ensure that the holiday homework is completed by the students themselves. Parents should only act as a guide in completing the work.
- The worksheets are based on what the children have learnt in April-May and will form the base for topics to be covered in July.
- The print out of the worksheets may be taken out / designed on a plain A-4 size sheet. All worksheets must be done using a **pencil** only.
- Reference images/video links are shared for art and craft activities.
- Dates for the submission of Holiday Homework:
 - **Worksheets (All subjects) on Friday, July 4, 2025.**
 - **English Project- Monday, July 7, 2025.**
 - **Mathematics Project- Tuesday, July 8, 2025.**
 - **General Awareness Project- Wednesday, July 9, 2025.**
 - **Computer Project- Thursday, July 10, 2025.**
 - **Art and Craft Activities- Friday, July 11, 2025.**

SUMMER SEASON

Match the things associated with the summer season.

LEARNING BY DOING

“The beautiful thing about learning is that nobody can take it away from you”

ENGLISH

HAPPY MEAL MAT

Materials required:

- A4 white coloured sheet
- 1 bold permanent black marker for outlining
- Glitter tape
- Plastic crayons
- Origami sheet (for paper tearing and pasting)
- Scissors

Take a white A4 size sheet. First border the sheet on both the sides using glitter tape. On one side of the sheet make your ward write his/her first name in capital letters. Each letter should be of minimum 2 and a half inches long (2.5 inches). On the other side of the sheet, paste objects starting with each letter of your ward's name and write the first letter of each image. For example if the child's name is RIYA, then the child has to paste four objects each starting with the letters in the given name (image attached for reference). Laminate the same. Creativity will be appreciated. This will be utilized as a table mat during lunch break.

Note: Lamination is mandatory.

MATHEMATICS

SHAPE RANGOLI

Materials Required:

- A3 size light coloured pastel sheet
- Black marker
- Coloured paper cutouts of different geometrical shapes
- Eco-friendly decorative material
- Glue

Take any light-coloured A3 pastel sheet for creating the base of rangoli. Place the coloured cutouts of different shapes (rectangle, square, triangle, circle and semi-circle) on the A3 pastel sheet to create a design for rangoli. Ensure that atleast three shapes are included and are clearly visible and neatly placed. You can repeat the shapes as per requirement. Encourage your child to choose colour and patterns. As you work, name the shape aloud and let your child help identify them to reinforce learning.

Note: An image has been attached for reference. Creativity will be appreciated.

GENERAL AWARENESS

BOTTLE BLOOM

Materials Required:

- 2-litre soda bottle
- Marker
- Cutter/scissors
- Acrylic paint
- Paint pens
- Permanent marker
- Potting soil
- Plant seeds

Draw an animal outline on a clear, plastic bottle with a marker. Cut out the outline with cutter/scissors. Wipe off the marker outline from the cut-out bottle. The bottom part of the bottle will be used for the planter. Punch a few small holes in the bottom to allow excess water to drain out, preventing the plant's roots from sitting in water. Fill the bottom part of the bottle with soil, leaving some space at the top for the plant. Place your seeds into the soil and gently pack the soil around it. Now, coat the bottle with acrylic paint of any colour keeping in mind the animal selected and let it dry, adding a fun personal touch to your new planter. Draw the animal's face with paint pens and permanent marker.

NOTE:

1. Use a cutter/scissors to poke a slit in the bottle before cutting out the animal outline with scissors.
2. You can also use the box cutter to create small drainage holes on the bottom of the bottle.
3. It is advised to do this activity 15 days before the reopening of the school.

VIRTUAL TOUR

Hello, little explorers!

Put on your imaginary scuba masks and flippers—today, we're diving deep into the magical world of the ocean! The ocean is full of wonders, from jellyfish that glow to starfish that look like decorations on the ocean floor. Every creature has its own special home and way of living.

Link- <https://youtu.be/N2TKCTaMrbs?feature=shared>

Thank you for joining us on this undersea adventure! The ocean is amazing, and it's up to all of us to keep it clean and safe for the animals who live there.

COMPUTER

MODEL OF A COMPUTER

Materials Required:

- Thick cardboard (for base and dividers)
- Coloured chart paper
- Scissors
- Glue
- Sketch pens/markers
- Printed or hand written labels
- 1 cardboard/paster sheet roll (for centre pillar)

Cut a round shaped cardboard of 30cm diameter for the base. Cover the base and the roll with the coloured chart paper of your choice. Fix the pillar at the centre of the base. Cut four rectangular pieces of cardboard to act as background walls. Paste any light coloured chart paper on them. Attach these background walls around the centre pillar, equally spaced. Now paste images/miniatures of models of different parts of computer like-monitor, CPU, keyboard, mouse etc on the background walls and label them neatly the base. The link and the image are attached for reference.

Link: <https://images.app.goo.gl/4PhvpUZAuifwQUPJA>

Note: You may use the roll of toilet paper or alluminium foil to create the centre pillar.

ART AND CRAFT ACTIVITIES

Art is a natural activity to support free play in children. The freedom to manipulate different materials in an organic and unstructured way allows for exploration and experimentation. These artistic endeavors and self-directed explorations are not only fun, but educational as well. Art allows children to practice a wide range of skills that are useful not only for life, but also for learning.

Activity 1 –Paper plate fish aquarium

Material Required:

- Paper plate/cardboard
- Shell/ stones
- Acrylic colours
- Fevicol/glue

Method:

Step 1. Draw out the size of frame you would like to make or take a paper plate of medium size.

Step 2. Cut out the frame, if using a cardboard. (Cutting can be done by parents)

Step 3. Paste the shell / stones on the frame using fevicol.

Step 4. Colour the stones and the water, grass etc.

Activity 2 – Hot air balloon

Material Required

- A4 Size white paper
- Colourfull Buttons
- Fevicol
- Scissors
- Thread

Method

Step 1. Draw the outline of a hot air balloon on white sheet (drawing can be done by parents)

Step2. Paste the different colour buttons
