

PREFACE

Summer break is a valuable time for students to unwind, explore their passions, and embark on new adventures. This break represents more than just moments of leisure; it serves as a pivotal opportunity to strengthen learning, spark creativity, and deepen understanding. With this purpose in mind, the holiday homework has been thoughtfully framed by the teachers into two complementary segments, each aimed at enriching the student experience.

The first section, *"Unleash Your Imagination: Creative Projects for the Holiday Season,"* invites students to dive into projects that encourage artistic expression and innovative thinking. This is a chance for them to not only showcase their talents but also to present their viewpoints in unique and inspiring ways. Selected works from this section will be featured during our school's annual exhibition, celebrating the artistic achievements of our students, fostering a sense of community, and motivating peers through creativity. Our goal is to cultivate an atmosphere that recognizes and nurtures the diverse abilities of each student, encouraging them to embrace the potential within themselves.

The second section, *"Mastering the Concepts: Reinforce Your Learning during the Break,"* is crafted to ensure that academic foundations remain strong. The designed assignments will reinforce the learning and tackle key concepts and skills acquired helping students fill any gaps with confidence.

By blending creative exploration with academic reinforcement, we empower our students to engage fully in their development, fostering both their creative and intellectual growth.

We hope all students will approach their holiday homework with enthusiasm and a spirit of discovery, knowing that every project completed is a step towards personal growth and confidence.

We also encourage parents to play an active role in this journey—your support is crucial in nurturing curiosity, instilling a love for learning, and fostering strong bonds with your children. Together, let us embrace this summer as an opportunity for joy, connection, and limitless growth.

May this season be filled with memorable moments, enriching experiences, and the promise of new beginnings.

Enjoy every moment of this well-deserved break!

Section A: Creative Projects for the Holiday Season

CLASS VI A

ENGLISH

Date of Submission: 09.07.2025

- **Q1. Do the creative task allocated to your Roll Number:**

<i>Roll No</i>	<i>TOPIC</i>
1-10	Poetry Collage: Create a vibrant collage on A3 paper featuring your favorite English poem with images and text.
11-20	Story Cube: Design a story cube showing a character, setting, problem, solution, moral, and your favorite story line.
21-30	Book Cover Redesign: Redesign a book cover for an English storybook you've read using folded A3 paper.
31 onwards	Literary Diorama: Create a 3D scene from your favorite story using a shoebox and craft materials, with labels and a 5-line description.

Q2. Expressions File:

- Imagine spending a day with your favorite storybook character, exploring the beautiful beaches and lush forests of the Andaman and Nicobar Islands. Draw a colourful illustration and write a short story (150–200 words) describing where you went, what you did together, and how the day ended.
- List of recommended books that students must read in their leisure time during the summer break to expand their horizons. Discussion on the books (at least 2) will be included as part of internal assessment:

1. The Secret Garden- Frances Hodgson Burnett
2. The Wishing Chair- Enid Blyton
3. The Room on the Roof- Ruskin Bond
4. The Taming of Jumbo- R.K. Murthi
5. Charlie and the Great Glass Elevator- Roald Dahl

Date of Submission: 04.07.2025

Q1: Prepare a model on any one topic as allocated to your roll no.

ROLL NO	TOPIC
1-7	a) Les parfums français Or b) La tour Eiffel
8-15	a) La baguette Or b) Les fromages français

Q2. Create a wall hanging illustrating the traditional greetings of both France and Lakshadweep.

Q3. Create a picture book of the French alphabet. Each page should feature one letter of the alphabet with one or two examples (e.g., “A comme Avion”) and a picture that clearly represents the word. Your book should be colourful and engaging.

Roll No. 1- 7:	Roll No. 8- 15:
A to M	N to Z

MATH

Date of Submission: 07.07.2025

Q1: Prepare a creative display as per the topic allocated to your roll number.

Roll no.	Topic
1-10	Vertical Thermometer Model to show positive and negative integers
11-20	Wall display chart of equivalent fractions
21-30	Board game on Triangular Numbers
31 onwards	Spin wheel chart for 3D Solid Shapes

Q2: Create an **Artwork of Symmetry** in a project file based on natural objects. Draw a symmetrical object (like a leaf, butterfly, or flower) on one half of the sheet. Fold the sheet in half and trace the other half symmetrically. Use patterns, shapes, and colors to finish the design. Also, answer the following questions:

- A. What lines of symmetry does the shape have?
B. How many identical parts does the object have on each side?

SCIENCE

Date of Submission: 08.07.25

Q1. Make a chart on the topic allocated to your roll no. on an A3 size Pastel sheet.

ROLL NO.	TOPIC
1- 10	Magnet Shapes and Their Uses
11- 20	Life cycle of a bean plant
21- 30	Life cycle of a frog
31- 40	Positions of the Big Dipper, Little Dipper, and the Pole Star in the night sky.

Q2. Create a vibrant and informative brochure on A4-sized coloured sheets that highlights the diverse and rich food culture of the Andaman and Nicobar Islands. Your brochure should creatively present any of the following elements:

- (a) Locally Grown Crops (c) Traditional Food Items
(b) Cooking Methods and Culinary Practices (d) Local Beverages

SOCIAL SCIENCE

Date of Submission: - 7 July 2025

Students to create models on the topics mentioned roll number wise:

1-10	3D Map Key Model (Mini Map with Symbols) Make a symbols model Draw a mini map (e.g., a village or town layout).
11-20:	Make Your Own Globe Mark the important latitudes and longitudes.
21-30:	3D Model of Major landforms of the earth Create different landforms using cardboard base, clay/papier mâché, paints.
31onwards:	Clay Model of Continents and Oceans Label all seven continents and five oceans.

Ek Bharat Shresth Bharat(common for all students)

Project:Culture Scrapbook: “Exploring My Paired state; Sikkim”

Create a scrapbook include the following:

- State map and location, Language(s) spoken, Traditional dress, Famous food, Folk dance/music.
- One famous monument or festival. Add drawings, pictures, or pasted images.

COMPUTER SCIENCE

Date of Submission: 03.07.2025

Q1: Make a Poster using Canva on the topic given below.

Roll No.	Topic
1-10	Any 5 digital safety tips to protect your device from malware.
11-20	Before & After: ‘Computer with and without Antivirus’
21-30	Top 5 Signs Your Computer Has A Virus
31 Onwards	Different emojis showing feelings like anger, joy, sadness, fear and what should we do when we feel this way?

Q2. Make a video from any video making software about the amazing animals and plants of Andaman, showing how important it is to protect their homes and take care of nature.

- One famous monument or festival. Add drawings, pictures, or pasted images.

COMPUTER SCIENCE

Date of submission: 03.07.2025

Q1. Make a Poster/Brochure using Canva on the topic given below.

ROLL NO	TOPIC
1-10	A role model (scientist, activist, sportsperson) and list the values you admire in them.
11-20	A scale balancing good and bad online choices (e.g., reporting a bully vs joining in).
21-30	Create a decision-guide brochure: What to post online, what not to post, how words can hurt, and when it's better to say nothing.
31 onwards	Create cartoon versions of 3 or 4 different malware types (e.g., Virus, Worm, Trojan) with names, powers, and how they attack

Q2. Make a video from any video making software about the amazing animals and plants of Andaman, showing how important it is to protect their homes and take care of nature.

ART

- Date of submission: 4.07.2025**

IT'S TIME TO LEARN ART BOOK PAGES:

- PAGE: 14 Geometric design
- PAGE:16 Draw and colour
- PAGE: 43 Optical art
- PAGE: 66 Paper machie – fruit bowl
- SKETCH FILE:** Zentangle art (make any one)

Section B: Mastering the Concepts

NOTE: Students to do the assignments in the respective subject notebooks.

ENGLISH ASSIGNMENT

1. Complete the passage by filling in the blanks with the correct form of the verbs in brackets:

The sun _____ (shine) brightly as the children _____ (arrive) at the picnic spot. Everyone _____ (be) excited. They quickly _____ (spread) the mats and _____ (take) out the food. While some students _____ (play) games, others _____ (help) the teacher with the setup. Suddenly, it _____ (start) raining, but the children _____ (not / mind) it and continued to enjoy.

2. Identify the subject, verb, and object in the following sentences:

- | | |
|--|---|
| a) The chef cooked a delicious meal. | b) The children watched a movie. |
| c) My mother bakes cookies every Sunday. | d) Ria and I play badminton after school. |
| e) The teacher praised the students. | f) The dog chased the ball. |
| g) He reads books in the evening. | |

3. Rewrite the following sentences using correct punctuation and capitalization:

- | | |
|---|----------------------------------|
| a) when is your birthday | b) she said i love reading books |
| c) my uncle lives in London | d) wow what a beautiful painting |
| e) can you help me with this homework | |
| f) rahul anaya and priya are best friends | |

4. Choose the correct conjunction to complete the sentence:

a) I was tired, _____ I went to bed early. (so / or)	b) Do you want tea _____ coffee? (but / or)
He did not come to school _____ he was sick. (because / although)	d) She is smart _____ hardworking. (and / but)
We missed the bus _____ we started late. (because / or)	f) I want to play, _____ it's raining. (but / so)

5. Rearrange the words to form meaningful sentences:

- | | |
|-----------------------------------|---|
| a) reading / she / is / book / a | b) the / loudly / barking / is / dog |
| c) friends / best / are / we | d) cricket / boys / playing / are / the |
| e) you / where / going / are | |
| f) I / like / very / much / pizza | |

6. Fill in the blanks with the correct articles (a, an, the):

a) I saw _____ elephant at the zoo.	b) She is reading _____ interesting book.
c) We visited _____ Taj Mahal last year.	d) My brother is _____ honest man.
e) There is _____ university in the city.	f) He bought _____ orange and _____ banana.
g) I met _____ girl who lives next door.	h) _____ moon looks beautiful tonight.

7. Fill in the blanks with the correct prepositions:

a) The cat is hiding _____ the table.	b) We walked _____ the river for an hour.
c) She put her books _____ her bag.	d) He jumped _____ the swimming pool.
e) The clock is hanging _____ the wall.	f) They arrived _____ 9 o'clock in the morning.
g) He ran _____ the stairs quickly.	h) The children are playing _____ the garden.

अभ्यास कार्य पत्रिका

नोट : विद्यार्थी कार्य अपनी अभिव्यक्ति फाइल में करेंगे ।

प्र1. निम्नलिखित प्रश्नों के उत्तर लिखिए :-

- (क) भाषा किसे कहते हैं? भाषा के कितने भेद होते हैं?
- (ख) संज्ञा किसे कहते हैं? संज्ञा के कितने भेद होते हैं? सभी भेदों के नाम दो-दो उदाहरण सहित लिखिए।
- (ग) सर्वनाम किसे कहते हैं? सर्वनाम के कितने भेद होते हैं? सभी भेदों के नाम दो-दो उदाहरण सहित लिखिए।

प्र2. उचित शब्दों द्वारा रिक्त स्थानों की पूर्ति कीजिए :-

1. भाषा की सबसे छोटी ध्वनि _____ कहलाती है।
2. भारत की राजभाषा _____ है।
3. भारतीय संविधान में _____ भाषाओं को मान्यता मिली हुई है।

प्र3. निम्नलिखित शब्दों में उचित स्थान पर 'अनुस्वार' अथवा 'अनुनासिक' लगाइए:-

- (क) बटूक (ख) चादनी (ग) ऊट (घ) बदर (ङ) रग (च) चादी

प्र4. निम्नलिखित संयुक्त व्यंजनों से दो-दो शब्द लिखकर उनका वर्ण - विच्छेद कीजिए:-

- (क) क्ष (ख) त्र (ग) ज्ञ (घ) श्र

प्र5. द्वित्व व्यंजन के कोई पाँच उदाहरण लिखकर उनका वर्ण - विच्छेद कीजिए।

प्र6. 'पर्यावरण संरक्षण' पर दो छात्रों के मध्य हुई बातचीत को 40 से 50 शब्दों में संवाद के रूप में लिखिए।

प्र7. 'प्रकृति' शब्द के माध्यम से कविता निर्माण कीजिए।

FRENCH ASSIGNMENT

1. Complétez.

- | | | |
|------------|------------|------------|
| a) F comme | b) D comme | c) S comme |
| d) L comme | e) Z comme | f) P comme |

2. Écrivez en français.

- | | | |
|-----------------------------------|----------------------|-------------------|
| a) I am fine, thank you. (Formal) | b) Glad to meet you. | c) My name is.... |
| d) Hello! | e) Good bye ! | |

3. Répondez aux questions.

- | | |
|--|----------------------------------|
| a) De quelle couleur est le drapeau français ? | b) Nommez deux parfums français. |
| c) Quelle est la capitale de la France. | d) Quel âge avez-vous ? |
| e) Quand fête-t-on la fête nationale de la France? | |

4. Complétez les dialogues.

David - Bonjour madame !
 Sylvie - Bonjour _____
 David - Je vais bien, merci. Et vous?
 Sylvie - _____
 David - Au revoir !
 Sylvie - _____ !

5. Épelez bien

- | | | |
|--------------------------|-------------|-----------|
| a) Ae rever | b) A biento | c) Bonjur |
| d) Comment tu t'appell ! | e) Ca va ! | f) Salute |

SCIENCE ASSIGNMENT

Assertion Reason Questions

Two statements are given for questions 1 to 5: Assertion (A) and Reason (R). Select the correct answer to these questions from the codes (a), (b), (c), and (d) as given below:

- (a) Assertion (A) and Reason (R) both are correct statements and Reason (R) is the correct explanation for assertion.
- (b) Assertion (A) and Reason (R) both are correct statements and Reason (R) is not the correct explanation for assertion.
- (c) Assertion (A) is a correct statement but the Reason (R) is a wrong statement.
- (d) Assertion (A) is a wrong statement but the Reason (R) is a correct statement.

Q1. Assertion (A) : The gland present in our neck enlarges to cause goitre.

Reason (R) : Deficiency of iodine causes goitre.

Q2. Assertion (A) : Vitamins and minerals are also called protective nutrients.

Reason (R) : Vitamins and minerals are the nutrients that protect our body from diseases And keep us healthy.

Q3. Assertion (A) : Jowar, bajra, and ragi are highly nutritious grains called millets.

Reason (R) : Millets are body-building foods that help in the growth and repair of our body.

- Q4. Assertion (A) : Vitamins and minerals are protective nutrients.
Reason (R) : Fat helps our body in fighting diseases.
- Q5. Assertion (A) : Dietary fibres are essential nutrients for body.
Reason (R) : Dietary fibres help clean undigested food from our body and keep the passage smooth for stool.
- Q6. After testing the blood sample of a person, a doctor found low red blood cells. He prescribed a particular mineral supplement to the person. He also advised him to include certain food item in his diet.
(a) Which deficiency disease is he suffering from?
(b) Which mineral may be lacking in his diet?
(c) Give four food items that he should include in his diet.
- Q7. Anything that can be seen and touched is called an object. The objects could be of different shapes, colours and sizes. Objects are made of substances called materials. Matter is anything that has mass and occupies space. The matter by which an object is made of is called a material. For example, the chair is made of wood. The placing of objects into groups according to certain features is called classification. Materials can be grouped based on their similarities and differences in their properties. Classification of objects into groups is important as it helps us find an object from a large group, understand some basic properties of an object and give clarity about similarities and differences among the various groups.
(a) What is matter?
(b) What is the basis of grouping materials?
(c) List five physical properties of materials.
(d) Why is it necessary to classify objects? Give one reason.

MATHEMATICS ASSIGNMENT

1. Very short answer type questions(Section B)

- Which of the following numbers can be represented as triangular and square numbers?
a) 45 b) 49 c) 36 d) 15
- Which shape is added to each side of the Koch snowflake sequence in every iteration?
a) Square b) Triangle c) Rectangle d) Circle
- Complete the sequence: 1, 4, 9, 16,
- How many lines can be drawn using two points?
- What is the measure of the straight angle?
- How many 2 digits numbers are there?

2. Short answer type questions

- Is it possible for the same:
a) line segment to have two different lengths?
b) an angle to have two different measures?
- Which sequence do you get on adding up the all's 2 sequence? Justify your answer.
- Write two uses of the protractor.
- Write the sum of largest and smallest four digit palindrome numbers. Also, write the difference.

3. Long answer type questions

- Which sequence do you get by adding a pair of consecutive triangular numbers? Justify. Also, show the visual representation of the resulting sequence.
- Draw a rough figure and write labels appropriately to illustrate each of the following:
a) Line l contain E and F but not C
b) Line segment XY and a ray PQ meets at point M
- Draw the given measures: a) 130 b) 245 c) 62

SOCIAL SCIENCE ASSIGNMENT

• I - MCQ:

1. What is a map?

- A. A photograph of a place B. A drawing of a place from the side
C. A representation or drawing of an area viewed from the top D. A written description of a place

2. What does an atlas contain?

- A. Only physical maps B. A collection of maps C. Pictures of mountains D. Satellite images

3. Which of the following shows natural features like mountains and rivers?

- A. Political map B. Road map C. Physical map D. Historical map

4. What kind of map shows boundaries, countries, and cities?

- A. Physical map B. Political map C. Thematic map D. Weather map

5. What are thematic maps used for?

- A. Showing physical features only B. Showing political divisions
C. Showing specific information D. Showing tourist destinations

6. Which of the following is NOT a component of a map?

- A. Symbols B. Distance C. Language D. Direction

7. What does the scale on a map help us understand?

- A. Height of mountains B. Exact population of a place
C. Distance on the ground represented on the map D. Temperature of a location

8. If a scale on a map says 1 cm = 500 m, then 3 cm on the map would represent:

- A. 150 m B. 1500 m C. 3 km D. 5000 m

9. The scale on a map of India shows "2.5 cm = 500 km." What does this tell us?

- A. 1cm on the map is 500 km B. The length of India is 2.5 km
C. 2.5cm on the map is equal to 500 km on the ground D. The map is drawn without any scale

III- Assertion & Reasoning Questions:

1. Assertion (A): The Equator is the longest parallel of latitude.

Reason (R): The circles formed by latitudes become smaller as we move towards the poles.

- A. Both A and R are true, and R is the correct explanation of A.
B. Both A and R are true, but R is not the correct explanation of A.
C. A is true, but R is false.
D. A is false, but R is true

2. Assertion (A): Latitudes are measured in degrees from the Equator to the poles.

Reason (R): The Equator is at 90° latitude.

- A. Both A and R are true, and R is the correct explanation of A.
B. Both A and R are true, but R is not the correct explanation of A.
C. A is true, but R is false.
D. A is false, but R is true.

IV - Case-based questions:

Each society and culture have had its own ways of measuring time. Major events, such as the birth of an important person or the start of a ruler's reign, have often marked the beginning of a new era. At present, the **Gregorian calendar** is commonly used worldwide; side by side, **Hindu, Muslim, Jewish, Chinese** and other calendars are also used for calculating the dates of festivals and other auspicious events.

In the West, the conventional year for **Jesus Christ's birth** has generally been taken to be the starting point for this calendar. Years are counted forward from this point and used to be marked with 'AD' (an abbreviation for a Latin phrase referring to the years after Jesus' birth). However, this is now called the **Common Era (CE)** across the world. For example, **1947**, the year India gained independence, can be written as **1947 AD** or **1947 CE**.

Similarly, the years before the conventional date for the birth of Jesus are counted backward and used to be marked with **BC (Before Christ)**. They are now called **Before Common Era (BCE)**.

- Q1.** Name the calendar that is widely used all over the world today.
 A. Hindu calendar B. Gregorian calendar
 C. Jewish calendar D. Chinese calendar
- Q2.** What does 'AD' stand for in the traditional system of dating years?
 A. After Death B. Ancient Date
 C. A Latin phrase referring to the years after Jesus' birth D. After Dynasty
- Q3.** How are years before the birth of Jesus Christ counted?
 A. Forward from zero B. Backward from zero
 C. Randomly D. Based on the ruler's reign

COMPUTER SCIENCE ASSIGNMENT

1. **What is malware?**
 a) A type of hardware b) A useful computer tool
 c) A harmful software d) A mobile app
2. **Which of the following is NOT a type of malware?**
 a) Virus b) Worm
 c) Trojan d) PowerPoint
3. **What does an antivirus program do?**
 a) Makes the computer faster b) Protects against malware
 c) Deletes your games d) Helps you write stories
4. **Which of the following can spread malware?**
 a) Watching a cartoon b) Clicking unknown links
 c) Opening a textbook d) Charging your phone
5. **Which of these is a safe online habit?**
 a) Downloading games from any site b) Clicking pop-up ads
 c) Sharing passwords d) Using strong passwords
6. **Canva is an online tool used for:**
 a) Writing code b) Drawing with pencils
 c) Creating designs and presentations d) Playing games
7. **Which of these can you create using Canva?**
 a) Posters b) Brochures
 c) Presentations d) All of the above
8. **To use Canva, what do you need?**
 a) A paintbrush b) Internet connection
 c) Headphones d) Calculator
9. **What should you do if you get a message from a stranger with a link?**
 a) Click it quickly b) Tell a friend
 c) Delete it and inform an adult d) Share it with classmates
10. **What is a strong password made of?**
 a) Your name and birthday b) Only numbers
 c) A mix of letters, numbers, and symbols d) Just emojis
11. List two ways you can protect your computer from malware.
12. Write the names of any five tools of the draw tab.
